► Who Likes Garbage?

No one likes garbage or pollution especially if it is in their own backyard. Everyday people toss out things like candy wrappers, paper, cans, and bottles into the streets, lawns, and play-

grounds all over our beautiful city. Did you ever stop to wonder where all that litter goes? If it is not picked up it is washed into the storm drains by the rain or blown into the marshes and creeks by the wind.

All that "icky" trash then ends up making our city look like a garbage dump, or even worse it can cause harm to fish, animals, birds, and even kids like you.

Popcorn and Jumbo, "The Shrimp Guys", are asking for kids all over our city to help them keep Brunswick clean and safe. Would you like to help?

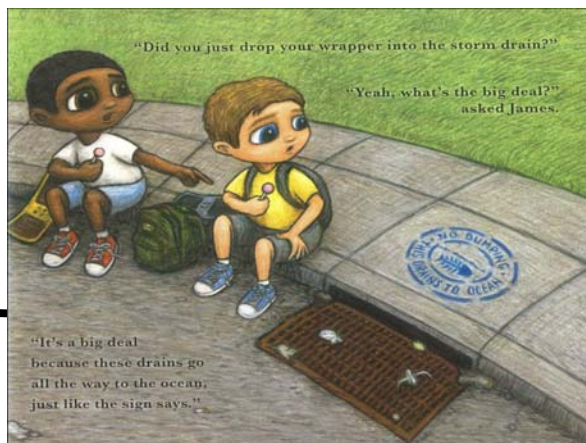

How Can You Help?

Here are a few ideas:

1. Never throw trash onto the ground, and never put any trash into the storm drains.
2. If you see your friends throwing trash on the ground remind them that trash only belongs in a trash can, and that it can cause harm to birds, animals, and even people.
3. If you see someone dumping trash onto the ground tell your parents, a teacher, or another adult that you trust. Then they can call the City of Brunswick Code Enforcement Office at (912) 267-5578.
4. Volunteer to help clean up your neighborhood, or school. You might even ask your parents, teachers, and friends to help.

What Ideas do You Have?

"Be Aware to Show You Care"

So remember you can do a lot of very important things to help keep your city clean. Popcorn and Jumbo need the help of children like you all over the city of Brunswick to help them keep homes, schools, and playgrounds healthy and clean.
